SANI 600 WIFI BLACK

With its 600 Watt power, the Eurom Sani 600 Wifi is the bigger brother of the [Sani 400 Wifi](#), making it perfect for hanging in a medium-sized bathroom. Thanks to the infrared panel, it is quickly nice and warm in the bathroom, because the heat can be felt directly on the skin. Also handy: the adjustable weekly timer. Set this to the times that you are in the bathroom, and you will never forget to turn this heating on or off. Then you are also frugal right away!

This heater is also available in [white](#), and with [even more power](#).
