KREATOR

KRT706300T CROSS-LINE LASER + TRIPOD

From now on you tile the wall or hang up spots exactly straight, because you are able to project horizontal and vertical lines very precisely. That is what you can expect from this Kreator cross-line laser that reaches up to 12 meters far. The self-adjusting cross-line laser levels itself within six seconds, with an accuracy of 0,6 mm/metre.

Place the KRT706300 straight on a table or cabinet or place it even more stable on the supplied aluminium tripod. Its height is adjustable between 50 cm and 150 cm, as it suits you best.

2 AA batteries included.

Laser beam
Do not look into the laser beam
Laser class 2 according
EN 60825-1
P<1mW, λ=635nm

TECHNICAL SPECIFICATIONS KRT706300T		Features	Box content	Symbols
Rated voltage	2x 1.5V _{max}	- Automatic levelling - Switch off if not leveled <4° - Telescopic tripod 3 heights: 50-83-152cm - Tripod with levelling indicator - Tripod comes with handy storage bag	1x cross-line laser	CHEMICAL SAFETY ✓ CE
Working time	> 20h		2x 1.5V battery	
Laser wave length	635nm		1x pouch	
Laser power	CLASS 2		1x tripod	
Working range	12m		1x tripod storage bag	
Laser accuracy	0.6mm/m		1x manual	
Self-level time	< 6sec.
